TYPES OF HOUSES

The illustration features a light blue background with the title 'Types of Houses' in a large, blue, cursive font. At the top left, a family of three (a woman in a red dress, a man in a green shirt, and a child) stands next to a red car and a bicycle. The main content is a grid of twelve different types of dwellings, each with a corresponding label below it. The dwellings include a tall yellow apartment building, a brown terraced house, a brown villa with a chimney, a green skyscraper, a red semi-detached house, a brown detached house, a grey castle, a brown cottage with a snow-covered roof, a striped lighthouse, a grey igloo, a green tent, and a white and green camper van. The labels are in a simple, black, sans-serif font.
